RSA, The Security Division of EMC

The Security Division of EMC

The Bad Guys

Hackers

Hacktivism

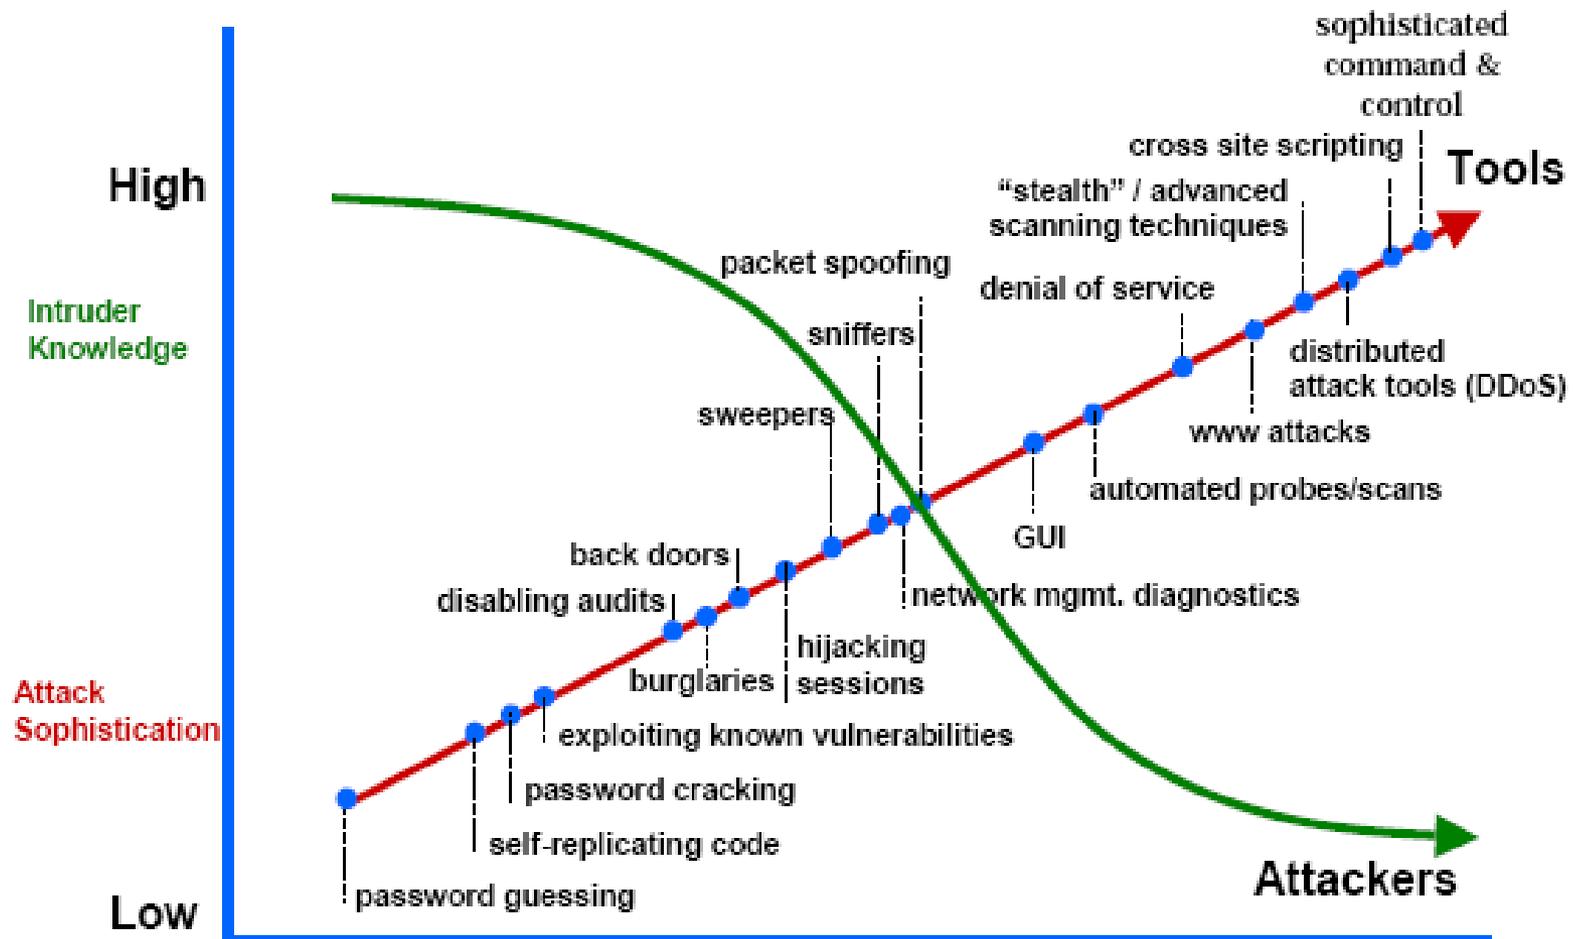

Industrial Spies and
Organized Crime

Terrorists

National Governments

New Tools and Technology

Changing Attack

The Good Guys

Fighting the Bad Guys

▶ Standards

- Good: FISMA
- Bad: FISMA Not Evolving

▶ Best Practices

- Good: FDCC
- Bad: FDCC Not Changing with Current Threats

▶ Regulations

- Good: FFIEC, FACTA Red Flag, SB1386
- Bad: SB1386 not Adopted Federally

▶ Making Security Real

- SCAP, EMAP
- Incidents are Influencing Controls

Information Sharing

Tracking Down Criminals

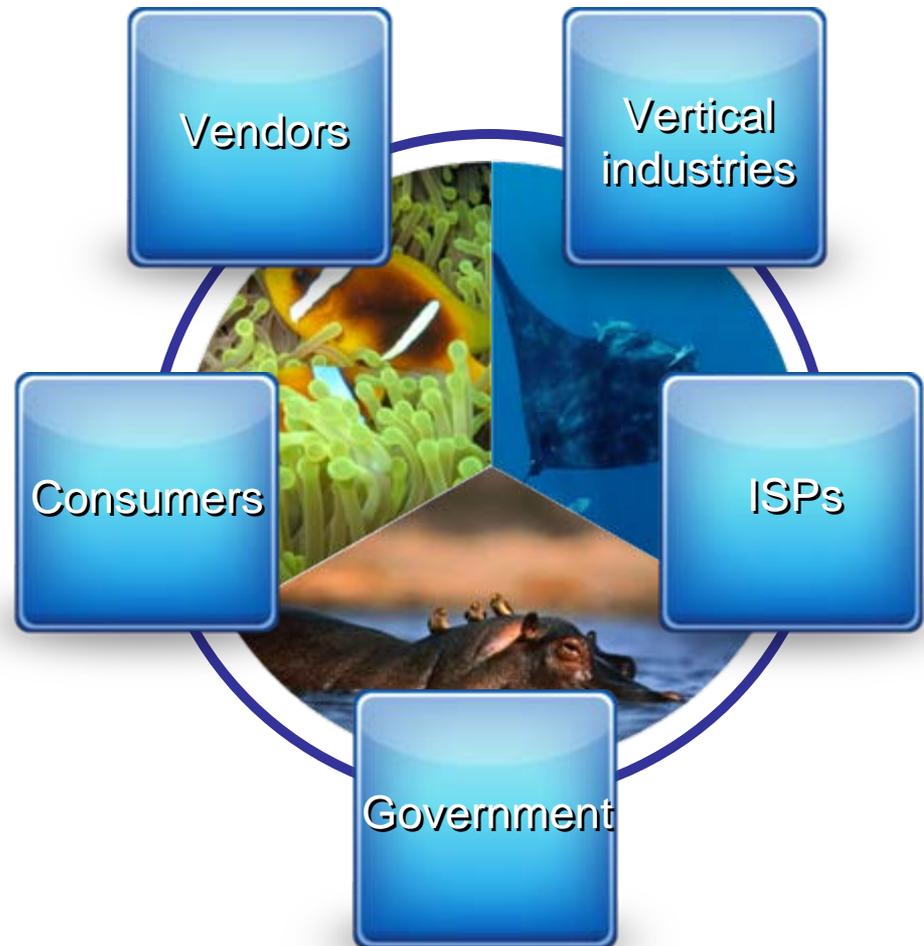

Better Technology Integration

Eliminating Consumer Responsibility

Education

Security Ecosystem

- ▶ Security ecosystem is necessary
- ▶ Bad guys work in an ecosystem
- ▶ Good guys need better collaboration and focus
